

**NHS Eye Care Service**

# Bringing eye care closer to you

This leaflet provides information about the new eye care centres who have trained and qualified opticians able to examine, diagnose and treat eye conditions that do not require hospital treatment.

[www.coventryrugbyccg.nhs.uk/eyecare](http://www.coventryrugbyccg.nhs.uk/eyecare)

## What is an approved Eye Care Centre?

NHS Coventry and Rugby have been working together with clinical teams and patient groups to develop a local eye care service to provide care closer to you. As a result a service has been developed to provide treatment for common eye conditions such as red, sore or dry eyes in convenient locations by fully qualified staff. Once examined you will be treated for the condition and only be referred to hospital services when you really need to be.

The Eye Care Centres listed overleaf have been approved on the basis that they have trained and qualified staff that can examine and treat eye conditions.

## Why use an Approved Eye Care Centre?

- ✓ Fully qualified Opticians trained to examine, diagnose and treat eye conditions
- ✓ Convenient locations across Coventry and Rugby
- ✓ Free Parking
- ✓ Open 7 days a week
- ✓ Early morning and evening appointments – *selected centres only*
- ✓ Saturday and Sunday appointments – *selected centres only*

## How do you access an Approved Eye Care centre?

- › Select an Eye Care Centre from the list overleaf that is convenient for you to visit
- › Contact the Eye Care Centre, the team will ask about your symptoms, take your details and book an appointment for a time that is convenient.
- › Please ensure you take your NHS number with you which you can find on your NHS Medical Card or from your GP surgery.
- › The optician will examine your eye and advise a course of treatment or if your condition requires more specialist treatment, refer you to the right specialist.
- › Follow up appointments to check on your progress may be done by telephone or require another appointment depending on your treatment plan. Your optician will advise you.
- › A letter will be sent to your GP to advise them of your condition and treatment so your records are kept up to date.
